A True

Living Experience

East  
Macedonia  
& Thrace

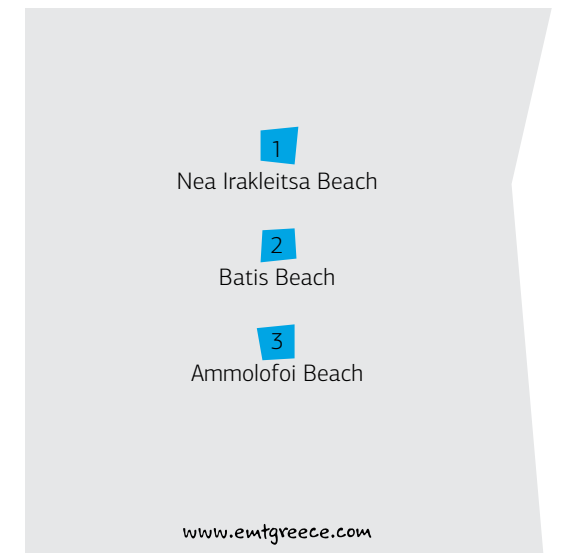

## ■ A True Living Experience ■

Dive into the emerald blue waters of East Macedonia and Thrace, in the northern most section of the Aegean Sea, which unfolds like a piece of embroidery from Kavala to Alexandroupolis. Its exceptional beaches are the small pebbles in a mosaic that satisfy every visitor: Drop in to Thasos for beaches with pine trees touching the sand and visit Samothraki for virgin beaches with crystal clear waters. Groups and families can choose from amongst the established beaches at Alyki in Thasos, Ammolofoi (sand dunes) in Kavala, Myrodatou Beach in Xanthi, Fanari in Rodopi and Dikella Beach in Evros or Pahia

Ammo in Samothraki. Passionate nature lovers may prefer the piers in Samothraki, the natural pool at Giola in Thasos, the inlets at Mesimvria, the rocks at Synaxi in Maroneia, or Phokiotrypa in Nea Irakleitsa. All these beaches are inviting you to enjoy the pleasures of the sea, as well as a good meal that is cooked with fresh local ingredients and plenty of passion, to become familiar with the history and culture of this place, to intensely experience the sea sports, to enjoy the summer evenings at concerts, performances and festivals, to dance by the sea under the moonlight and to fall in love.
